know that we have made it through the winter. That wonderful moment arrived on Easter Sunday and these impressions show the awakening. The wharf will soon be the scene of much activity and the stirrings of that life are evident as boat owners prepare for the launching and take to the water. It's a season of upbeat and optimism and new life such as the crocuses now in full display after thrusting through the chill earth of March.

Thank the Lord for Spring and that special day of hope when it arrives. D.C.J.

Selectmen's Meeting

O.R.R. BUDGET KEY TO TAX RATE RISE

In a joint conference with the Finance Committee and Assessors, Mattapoisett Selectmen learned that the Finance Committee will oppose the Old Rochester Regional District budget which has increased \$346,734 over last year's budget. This increase alone will represent an \$8. per thousand jump in the town tax rate. Finance Committee members said that in spite of the combined opposition of the Finance Committees of the three towns the School Committee had refused to make the requested

\$100,000 reduction which would represent \$7.15 on the tax rate. The Selectmen agreed to back the Finance Committee's decision to oppose the Old Rochester budget to be presented to the town. In spite of the fact that this budget greatly exceeds the Governor's tax cap, Town Counsel Donald Fleming is of the opinion that the School Committee can sue the town to force the town to comply with the budget and remit the entire share plus 25% in fines. The Selectmen hope that their expression of solidarity with the Finance Committee would encourage a spirit of compromise on the part of the O.R.R. School Committee. The

Finance Committee seeks a \$100,000 reduction in the ORR budget to come out of the operating and maintenance figure. Mattapoisett's share of that figure would be \$45,600. If the town is sued and is forced to restore this amount it would be fined 25% of that amount.

REAPPOINTED

Executive Secretary Stephen Lombard was reappointed for the term April 1, 1980 to April 1, 1981.

SEEKS EASEMENT

Daniel Mahoney and Attorney James Huntoon appeared to ask Selectmen to review their request for an easement from Depot Street to Goodspeed Island. Selectmen had earlier favored a license but Mr. Mahoney said that an easement was necessary for bank financing. He said that he and one other owner plan a maximum of 4 residences and agreed to terms that would exempt the town from any liability or obligation that would result from use of the right of way which would be barred from other traffic.

SEWER METER ADJUSTED

Selectmen were informed that the meter at the pumping station has been adjusted by a representative from the manufacturer to measure flow from 10 gallons per minute on up to the maximum flow which will allow a positive measurement of the flow sent to Fairhaven for treatment.

DENY SPECIAL ALLOWANCE

Selectmen will regretfully inform Mrs. Priscilla Hathaway of the Mattapoissett Historical Commission that they must deny her request for a 18¢ per mile allowance for vehicle use. The Selectmen's decision is that all town departments and commissions must conform to the same 12¢ per mile allowance as a matter of consistent policy.

On Wednesday evening, April 16, at 7:30 p.m. at O.R.R. High School Cafeteria the parents group of O.R.R. and O.R.R.J.H.S. will present a follow-up program to the Alcohol and Drug Forum presented last month.

There is a new program being presented to our children in both the high and junior high schools. It is a unit on "Decision Making". We will have as speakers two of the teachers of this program, Mrs. Susan J. Zartman and Mr. Bert Allain, Guidance Counselors for the schools.

Mrs. Zartman will explain to us how this 18-week program will benefit our children by making them more aware of the everyday choices they have to face and also the long-range decisions they make after high school. Parents will also have the opportunity to ask questions and learn how they

"Marigolds"

YOUNG PEOPLE'S THEATER

The need of young actors and actresses for an outlet for their talents, a place for them to work and perform, was what motivated Nancylee Gaucher to start the Young People's Theater 6 years ago at the Marion Art Center with performances of "Little Women".

Since then the group has expanded and put on nine productions ranging from Broadway musicals and scenes from musicals and drama, to the current production of "The Effect of Gamma Rays on Man-in-the-Moon Marigolds", a challenging drama of domestic conflict. Scholarships are awarded annually in May to high school seniors continuing their study of drama in college.

Sylvia Bigelow, the director of "Marigolds", is carrying on the tradition of concern for youthful actors and actresses.

She views this production as a valuable "learning experience" for all concerned.

Creative Arts

The University of Massachusetts Chorale will perform at the Unitarian Memorial Church, Fairhaven, on Saturday, April 12, at 7:30 p.m. Under the direction of Dr. Richard duBois, the sixty member ensemble will be heard in a variety of choral works, including compositions by Brahms, Debussy, Gesualdo, Lotti and Schutz. The program includes a broad selection of musical styles - from 16th century madrigals to 20th century American Negro Spirituals.

The University Chorale has had much touring experience, having performed extensively in the United States and Europe. In May, the Chorale will embark on its fifth European Concert Tour, traveling to Germany, Switzerland, Austria and Italy. Much of the literature that will be performed in Fairhaven will be included in the tour repertoire as well. The Chorale was founded in 1948, and is the oldest musical ensemble on the U. Mass. campus. Mr. deCamp, a graduate of The Choate School and Princeton University, has been a deep ocean diver since 1956 and a photographer since his youth. He has traveled the waters from Maine to the Bahamas and from Alaska to Antarctica documenting shipwrecks along the continental shelf, including the Andrea Doria, lying on her side 60 miles off Nantucket. Mr. deCamp will also share pictures and stories about German submarines sunk off Block Island in World War II; the heavy cruiser San Diego, largest warship lost by the U.S.A. in World War I; the Texas Tower #4, huge radar station 60 miles off New Jersey, collapsed and lost with all hands in a winter gale; and the Cunard liner Oregon sunk in 1886 under mysterious circumstances.

CHAMPAGNE PREVIEW FRIDAY

This Saturday, April 12th, the doors of the First Baptist Church on William Street in New Bedford will open at 9 a.m. to auction aficionados in pursuit of the fine and fascinating offerings of the "forthcoming fourth annual WHALE auction". The first item will reach the auction block at 10 a.m. when Tom and Bill Bourne of Hyannis' Bourne Galleries call for the first bid.

To allow potential bidders a firsthand

look at Auction items, WHALE also plans a champagne preview to be held Friday, April 11, from four to seven. A small donation will be requested for the preview.

Auctionables contributed by area businesses and individuals include even the kitchen sink, but as of last week the top dollar item was a 25 foot laminated wood Surfhunter power boat, built in 1968 by Fairhaven Marine and now available for examination at Marshall Marine in South Dartmouth. According to Fairhaven Marine, the current market price for a fiberglass Surfhunter is about \$30,000. WHALE's Surfhunter is second hand and in need of engine rebuilding but otherwise in good condition.

The Surfhunter is not the only boat to be auctioned. Peter Smith of South Dartmouth has donated a wooden Peapod boat which he built. Another WHALE supporter has supplied two inflatable life rafts. For navigating, there's an octant, and for making fast there's nylon line from Lam-

PAUL R. DION

CANDIDATE FOR SELECTMAN in the Town of Rochester

My background covers the following:

I was an auxiliary police officer in New Bedford for 18 years, resigning when I moved to Rochester. The Auxiliary at their 25th Anniversary made me an Honorary Lieutenant. Also past State President of American Law Officers Association.

As a resident of Rochester I joined the Police Department and was active for approximately 5 years and then retired from the Department.

I have been in the employ of the Charles Gilman Co., New Bedford as a foreman for over 18 years; also their Union Shop Steward.

As a resident of the town for the past 16 years I am very interested in its welfare and feel that I can help curtail the rise in taxes and lend myself to the betterment of the town.

On April 12th John will give an afternoon Saturday program and the subject of his talk and slide show will be the "1980 Planetary Lineup". There have been many books and articles written on the subject that foretell strange things happening this year because of the line-up of the planets. Mr. Briggs will give his opinion on the subject and answer all questions having to do with astronomy. For ages six and up, the program begins at 2:00 p.m. There is a small charge for non-members.

Project L.I.F.T.

Dr. Gracia brought the people of China to Miss McQuillan's fifth grade classroom in Mattapoisett on Thursday, March 20th, by sharing his slides from his recent visit there.

His slides and commentary beautifully illustrated the differences in lifestyles between the two countries. The children especially enjoyed learning about and comparing the two educational systems. Chinese tea and fortune cookies followed the program.

On Tuesday, March 25th, James Bilodeau, Matthew Knight, Sean Reed, and Kristina Pothier visited Bourne Knowles Garden Center and Nursery as part of a research project on desert plants stimulated from their reading of the book, *The Little Prince*. Mrs. Knowles provided an opportunity for the children to discover first hand the different species of plants that grow in a desert environment. She answered in detail the questions they had developed about their particular plant concerns.

The Mis-Headline

Editorial, D.C.J.

A headline appearing last week in the daily paper must surely qualify as one of the most misleading of captions. It read "Music Teacher Fired for Religious Beliefs". To anyone who did not follow the story this could be the most inflammatory of statements. To those who did follow the story, the meaning is just the opposite. This music teacher clearly finds her religious beliefs in direct conflict with the requirements of her employer - the public school system. No one can deny this lady the freedom to follow any religious belief of her choice. However, this same constitution which guarantees her freedom also protects the

public from having a particular religious dogma or belief imposed upon it. If any-

"QUARTER FOR CARE" DAY AT ORRJHS

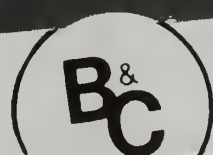

The students of Old Rochester Regional Junior High School participated in a special assembly program devoted to the international relief efforts in Cambodia, on March 14. Mr. Richard J. Calandrella, the New England Director of the Development for CARE, presented a film and led a discussion with the student body.

Following the assembly the Student Affairs Committee sponsored a "Quarter for Care" day at the school. In addition to this fund raising effort the student organizations have donated a percentage of their March dance receipts to the Cambodian Relief Fund at CARE.

Both projects have enabled the student body to send a check for Cambodian relief totaling \$175.00.

Fairhaven Musical

"OKLAHOMA!" AT FAIRHAVEN JUNIOR HIGH

On April 11, 12, and 13, students at Hastings Junior High School in Fairhaven will be presenting "Oklahoma!", the popular Rodgers and Hammerstein musical, under the direction of Peter West. "Oklahoma!" has been an all-time box office hit, and its audiences have exceeded the ten million mark. Even before it was turned into a movie, more people have seen "Oklahoma!" than any other musical play in the history of the theater.

Rodgers and Hammerstein were both prominent in musical theater before teaming up in 1943 when "Oklahoma!" went on stage in New York's St. James Theater. The partnership of Rodgers and Hammerstein has been considered the most successful partnership in American musical theater. Their collaboration in 1943 began a new era in musical theater and led to their other musical hits which include "Carousel", "South Pacific", "The King and I",

To contribute to the atmosphere of our play we present some facts from the legend of Dracula:

"The ancient Wallachian tongue defined Dracula as 'devil' or 'dragon'. Vampires were known to all the races of man. An actual fifteenth century prince, Vlad the Impaler, is credited with being the origin of the modern legend. Vlad had considerable taste for blood letting. He once nailed the hats of a visiting foreign delegation firmly to their heads, when he sensed unspoken insults. He reportedly disposed of 30,000 in one day and, in order to solve the health and welfare problem, he gathered all the poor and lame in one castle, locked the doors, and burned them alive!"

The famous Prince of Darkness, who haunted boudoirs and graveyards of late Victorian England, dates from the publication of Bram Stoker's novel in 1897. Stoker lit the fuse and Dracula has since been celebrated in almost every media known to contemporary man.

Variations on the theme have appeared in 29 further novels, 118 short stories, innumerable newspapers and magazine pieces,

STAIN ... or PAINT?

TROUBLE-FREE, WILL NOT CRACK, PEEL, BLISTER

For those planning to build or remodel soon, the hour of decision is approaching. Will it be stain or paint for your home? Think it over carefully, for a building once painted can never be stained ... and the unique beauty, economy and protection that stains provide may be lost forever. Today the trend is toward stains.

- Economical, easy to apply and maintain.
- Surfaces need no scraping, sanding, priming.
- Penetrate deeply, protecting wood fibers.
- Enhance the beauty of the grain.
- 87 shades; unique color effects.
